

- > B1.no = minimum number of sites required : 3
- > B1.% = with a minimum relative abundance of : 20%
- > B2 = minimum mean relative abundance required : 40%

STEP 1 : Selection of dominant species – rule B

Criteria concerning abundances within all concerned sites :

- > B1.no = minimum number of sites required : 3
- > B1.% = with a minimum relative abundance of : 20%
- > B2 = minimum mean relative abundance required : 40%
